2 Basis of preparation and accounting policies Accounting policies

The interim separate financial information has been prepared in accordance with the Company's accounting policies as described in more details in the annual financial statements for the year ended 31 December 2019. The interim separate financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2019.

According to the Accounting Law and Regulation on accounting and auditing in securities sector under the Securities Commission Office in Lao P.D.R., all listed companies are required to prepare their financial statements in accordance with International Financial Reporting Standards (IFRSs) as generally accepted accounting principles. However, The Ministry of Finance has issued the announcement No. 697/MoF dated 20 March 2017 which provided options for PIEs to prepare action plan for adoption IFRS within four-year period and on 25 May 2020, the Securities Commission Office has issued the announcement No. 0009/LSC which states the extended time for listed companies to prepare action plan for IFRS up to 31 December 2025 and fully adopt the IFRS effective starting from 1 January 2026 onwards.

In Lao PDR, there are significant differences between a Company's own accounting policies and the IFRSs, in many areas such as property, plant and equipment, leases, current and deferred income tax, pre-operation costs and borrowings cost.
