Souvanny Home Center Participates in "ALACE EXPO 2026"

under the Theme "SUSTAINISM"

On September 21, 2026, Mr. Ngampasong Muongmany, Deputy Minister of Public Works and Transport, honorably presided over the official opening ceremony of the annual exhibition **"ALACE EXPO 2026"**—the annual trade and innovation exhibition for architecture, engineering, building materials, and landscape architecture organized by the Association of Lao Architects and Civil Engineers (ALACE)—held under the theme **"SUSTAINISM"**. On this occasion, **Souvanny Home Center Public Company** participated as one of the main sponsors, showcasing innovative construction materials and home decoration products to align with current construction and design trends.

Inside the Souvanny Home Center booth, cutting-edge innovative products were prominently displayed, including:

- **Smart Toilets**
- **High-Quality Tile Innovations**, featuring:
  - **Extra-large tiles** measuring 9 x180 cm.
  - **Extra-thick tiles** reaching 12 mm in thickness.
  - **Full Body tiles** with a uniform material composition throughout the entire piece.
  - **Double Loading tiles** utilizing special surface-coating technology (consisting of a 30% surface layer and a 70% body layer).
  - **Marble-patterned tiles** featuring a 7-layer surface coating—including pigment layers and durable color-glaze layers—designed to provide excellent scratch resistance.

Souvanny Home Center is extremely proud to be one of the sponsors for this event and would like to express its sincere gratitude to the Association of Lao Architects and Civil Engineers (ALACE) for providing this opportunity to contribute to the advancement of Laos's architecture and engineering sectors.

At the same time, the company cordially invites the general public, business owners, architects, and all interested individuals to visit and experience these new innovations firsthand at the Souvanny Home Center booth at ALACE EXPO 2026. The event is taking place from **September 19–25, 2026**, at the **Lao-IteCC Exhibition Center (Old Building)** in Vientiane Capital.
