Welcome to Mr. Monxay Laomuaxong on His Visit to the Tourism-Culture Building Construction Project; He Praised the Quality of Construction and Its Compliance with Regulations

Mr. Monxay Laomuaxong, Vice President of the National Assembly and Member of the Party Central Committee, along with his delegation, paid a visit to the Tourism-Culture Building Construction Project. They were warmly received by Mr. Nie Lei, Chairman of the Lao Tourism Culture Group Public Company, and Colonel Vanthong Sitthikoun, Director General of the Agro-Industrial State Enterprise (DAI), alongside executive management members of the company.

On this occasion, Mr. Monxay Laomuaxong inspected the progress of the construction project, focusing on the main structure, construction techniques, and other related aspects. He expressed high praise for the construction quality, legal compliance, project operational procedures, architectural design concept, and safety control measures.

Colonel Vanthong Sitthikoun reported on the overall progress of the Tourism-Culture Building Construction Project to Mr. Monxay Laomuaxong. He provided detailed insights into the project planning, construction standards, material selection, quality control systems, and the status of obtaining various regulatory permits from relevant authorities. Furthermore, he outlined future operational plans as well as strategic initiatives for culture and tourism.

Following the presentation, Mr. Monxay Laomuaxong highlighted that the Tourism-Culture Building, as a new landmark of Vientiane Capital, strictly complies with all relevant laws and regulations and possesses a full set of official permit documentations. The project demonstrates high-standard construction, well-structured management, and reliable quality—reflecting the exemplary standard of Lao-Chinese friendly cooperation projects.

Furthermore, Mr. Monxay Laomuaxong emphasized that the culture and tourism sector is a crucial driver for Laos's economic development. Capitalizing on the benefits of the Laos-China Railway, the Tourism-Culture Building will serve as a multi-functional hub for cultural performances, business conferences, personnel training, and cultural exchange, thereby promoting local talent development and elevating Lao service industry standards. He instructed the project team to maintain high construction quality and occupational safety in the upcoming phases, strictly abide by legal and regulatory frameworks, and continuously enhance supporting facilities to ensure the project becomes a benchmark for quality, safety, and sustainability.

On behalf of the corporate group, Mr. Nie Lei and Colonel Vanthong Sitthikoun expressed their sincere gratitude to Mr. Monxay Laomuaxong and his delegation. They reaffirmed their commitment to strictly adhering to Lao laws, regulations, and construction standards, enforcing rigorous quality control, and advancing construction steadily. They pledged to deliver a high-quality facility that will contribute significantly to the growth of Laos's culture and tourism sector while further deepening Lao-Chinese economic, trade, and cultural cooperation.

(THANKYOU)
